ARDMORE ICE CO.

Ringling Bros.' Circus.

It is estimated that at least 25,000 people witnessed Ringling Bros.' street pageant in Ardmore today. People were here from all parts of the Chickasaw Nation, Oklahoma and Texas. Many of the visitors arrived yesterday, others who came in the night found hotel accommodations hard to get. Numbers remained up all night long, and the right-of-way near the depot was crowded with thousands of people at daylight, presenting an unusual appearance.

Being a little late in arriving no time was lost in transforming the long, heavily laden railway trailers into a gorgeous spectacle of men, women, animals and decorations and works of art which compose the glittering street pageant of the Ringling Bros., a name known to every boy in the United States and Territories. Of course, many had seen the great parade before, but then people never get too old to look at and admire a good thing.

Suffice to say the circus and menagerie is here today in all its splendor, bigger and better than ever before.

The crowd today was estimated as the greatest ever seen on the streets of Ardmore.

This afternoon a performance is being given in the city park to an audience which is taxing the capacity of their tent. Thousands more are awaiting the night performance and the big canvas will no doubt be as well filled then.

N. F. Cheadle is in the city looking after his business interest. Mr. Cheadle lives in Guthrie, O. T.
